Timed Dosing System DrainOne - Professional Range

Easy to use, compact and convenient drain enzymes dispensing system

Programmable to dose at desired constant intervals for a determined time

New SEKO IP65 enclosure - Santoprene squeeze tube - Complete with suction filter and lip seal valve

Model	Flow rate (l/h)	Backpressure (bar)	Tube	Power Supply	Code
DrainOne	7	0,1	Santoprene	100÷240 Vac	WODW0107M13000

Timed Dosing System DrainDose - Professional Range

Ultimate solution for dosing enzymes into drains, grease traps, boilers, lubrication systems at pre-determined intervals

Up to 48 programmable dosing events per day -Easy programming through 2x16 display and 4 keys

Available with Mains power supply or with standard D-cell batteries power supply (batteries not included)

Model	Flow rate (l/h)	Backpressure (bar)	Tube	Power Supply	Code
DrainDose	9,5	1	Santoprene	100÷240 Vac	DDDB0105M10000
DrainDose BT	5			BATTERIES	DDDB0105E10000

Spare Pump Head for DrainDose with motor and roller assembly	DrainDose/Drain Dose BT	no tube	-	RIC0152577

Accessories & Spare Parts

Description	USED FOR	Code
Plastic Foot Filter with ceramic weight for tube 4x6 mm	Det Pumps	9900108535

Plastic Foot filter with inox AISI 303 weight - for tube 2x4mm		9900069027	
Plastic elbow tank inlet connector for tube 4x6 mm for detergent dosing (3pcs)		9900107047	
Elbow Tank inlet connector wit tube holder for tube I.D. 4 mm - AISI 316		9900060073	
Elbow Tank inlet connector wit tube holder for tube I.D. 6 mm - AISI 316		9900060348	
Plastic elbow tank inlet connector kit for installation in narrow space (5pcs)		9900107084	
Tank Injector Kit G 1/2" – 90° – AISI 316 for tubes I.D. 5/8" (16 mm) suitable for Powder Detergent injection	Solid Det Dispensers	9900108637	
AISI 303 non return valve for Rinse aid 1/8" G.M. for tube 4x6 mm (with SILICONE seals)	Rinse Aid Pumps	9900071055	
AISI 303 non return valve for Rinse aid 1/8" G.M. for tube I.D. 6 mm (with SILICONE seals)		9900071171	
AISI 303 non return valve 1/8" BSPT for tube 2x4 mm with Silicone seals		9900071064	
Plastic tube holder connector with barb for 6-7-8 mm I.D. tube for rinse-aid injection (5pcs)		9900107118	
AISI 303 Tube holder connector for rinse aid injection - Tube connection 4/5 mm		9900106961	
T connector made of PP (female)		9900106182	
Basic wall mounting kit for Peristaltic Dosing Pumps with PC bracket, screw and dowel	Peri09	9900106137	
Double bracket for Peristaltic Dosing Pumps		0000120002	

Bracket for Twindose box	Twindose series	9900106314
Spare Wall Bracket with Dowels and Screws - Suitable for all WareDose models - 2 pieces	WareDose Series	RIC0152314
SPARE PART FRONTAL COVER WARE ONE/POOL - PC - BLUE TRANSPARENT	WareOne	RIC0152536
Blue Polycarbonate front cover (small boxes) - Suitable for WareDose 20/30/35 - 5 pieces	WareDose 20/30/35	RIC0152313
Blue Polycarbonate front cover (large boxes) - Suitable for WareDose 50 - 5 pieces	WareDose 40/50	UPON REQUEST
Blue Polycarbonate front cover - Suitable for DrainDose	DrainDose	RIC0152573
Bracket for WareDose installation on horizontal surface (includes screws and dual lock for top of dishwashers)	WareDose series	9900108365
Spare Kit Solenoid Valve - internal mounting - 24 VDC - with brass fittingd for tube 4x6	Twindose series	9900108088

Description	USED FOR	Code
Powder dissolver for spraying water onto dry chemical products	-	0000750001
Conductivity Probe K3.3 - cable 15 cm for model Peristaltic PA - WareDose 35	PA WareDose 35	9900106816
Conductivity Probe K1 - cable 15 cm for models Dynamik NPA, SKCR, Kronos 10 KXPA,	NPA - Dynamik	9900106817
Conductivity Probe with T compensation - cable 50 cm - for models TWINDOSE 40 EVO/50 EVO		9900106822

Inductive Probe with 6m cable for models TWINDOSE 40/50/40 EVO/50 EVO PLUS / KRONOS IR	Twindose 50	RIC0151249
Inductive probe with 0,5m cable for TWINDOSE 40/50/40 EVO/50 EVO PLUS	- WareDose 50	RIC0151305
Cable extension Probe CD Temp 4P, 5 m for probe 9900106822	9900106822	9900602156
6m extension cable for Inductive Probe with quick connector - with calibration rings included		RIC0151711
10 m extension cable for Inductive Probe with quick connector- with calibration rings included	RIC0151305 9900101200	RIC0151712
30 m extension cable for Inductive Probe with quick connector - with calibration rings included		RIC0151713
Neutral Front cover peristaltic pump type PBR - PPG - Twindose 10/20/TM Digital without screws	PPG - PBR Twindose 10/20	RIC0152365
Spare neutral Front cover for Twindose 50 with plastic manual screws and ball bearing	Twindose 50	9900106808
Spare neutral Front cover for Peristaltic pumps type PERI09 with metal screws and ball bearing	Peri09	RIC0151303
Spare frontal cover for TWD with metal screws and ball bearing	Twindose series	RIC0151729
Spare neutral Front cover for peristaltic pumps type PERI09 without screws	Peri09	RIC0151609
Spare frontal cover peristaltic head H and Cratewash	Cratewash	9900108034
Kit tube 4 --> 6 mm joint with Barbed IN-OUT (5 pieces)	-	9900108632
